

0452 | PAPER 2

TOPIC 04

Accounting procedures

FULL ANSWER GUIDE | 2021-2025

15 indexed questions • 272 total marks

Independently reformatted and rewritten for study. Original examination questions are not reproduced.

CONTENTS

Subtopic	Questions	Marks
4.2 Accounting for depreciation and disposal of non-current assets	11	192
4.4 Irrecoverable debts and provision for doubtful debts	4	80

How to use: open the matching question in the topical bank, attempt it first, then compare with the answer guide below. Standard accounting terms and figures are retained; explanatory points are shortened and independently worded.

4.2 Accounting for depreciation and disposal of non-current assets

Question 01 | Feb/Mar 2021 Paper 22 Question 2 - 20 marks

2(a) Zamir

Income Statement for the year ended 31 December 2020			
	\$		\$
Fee income			151 750
Less Expenses			
*Rent and rates			
(26 000 - 4 000 + 1 260)	23 260		
Salaries	55 000	}	
Stationery and advertising	6 450	}	
Electricity	8 000	}	
Bank charges	4 100	}	
Irrecoverable debts	1 885		
Loss on disposal of office equipment			
(1 000 - (1 260))	2600F		
Depreciation of office equipment			
(60 000 - 1 800 = 58 200 × 15%)	8 7300F	107 685	
Profit for the year			44 0650F
* Rent and rates alternative calculation			
rent 4 000 × 4	16 000		
rates 6 000 + (2/12 × 7 560)	7 260		
	23 260		

2(b) Zamir

Statement of Financial Position (assets section) at 31 December 2020			
	\$	\$	\$
Assets			
Non-current Assets	Cost	Accumulated depreciation	Net book value
*Office equipment	58 200	30 6900F	27 510 0F
Current Assets			
Trade receivables (15 600 - 1 885)		13 715 }	
Other receivables		4 000 }	
Total assets			17 715 45 225
* workings: cost 60 000 - 1800 = 58 200			
Key point: acc dep 22 500 540 21 960 8730 30 690			

2(c) High level of drawings

High level of trade receivables/trade receivables slow to settle debts
 Expenses not controlled efficiently
 To meet short-term debts when they fall due
 To improve cash flow/liquidity

Benefit: able take advantage opportunities they arise

To purchase additional non-current assets/expand the business

2(d) Salary increase - advantages

Key point: Sharif entitled his salary share profit

Zamir would not need to consult Sharif before making decisions
 Disagreements about decisions etc. would not arise
 Sharif's motivation and commitment may improve

Key point: changes required legal structure

Partnership offer - advantages
 Sharif may be required to introduce capital
 The risks/losses and responsibilities would be shared
 The decision-making would be shared

Key point: Sharif salary employee need paid

Sharif may be more committed
 Recommendation

Question 03 | Oct/Nov 2021 Paper 21 Question 2 - 20 marks

2(a)

	Capital expenditure	Revenue expenditure
Building new extension to warehouse	□	
Rates on new extension		□
Carriage costs for roof tiles for new extension	□	
Legal costs for new extension	□	
Repairs to office roof		□

2(b)

Rent warehouse	Purchase warehouse
No initial outlay	OR Has to raise an additional \$200 000 in order to purchase
Little or no maintenance/repair cost	OR Will be maintenance/repair costs/depreciation
The non-current asset is not owned	OR Will own an additional non-current asset/gets fixed asset/owns a warehouse
	Loan must be repaid
	Will have to pay loan interest
	Warehouse may not be required if trade decreases in future
Premises may not be available on a long term basis	

Rent may increase after 6 months

Can vacate the premises after 6 months
(is flexible)

Recommendation

					25 000

5(b) Reducing balance Straight line

Has to be recalculated each year
 Suitable when lose more value in early years
 Shows a more realistic book value
 Matches cost more closely with revenue
 Unable to compare with previous accounts

Easier to calculate / only one calculation needed
 Suitable when lose equal value each year
 Suitable when annual usage is the same
 Should not change method without good reason /
 apply consistency

Recommendation

2(c) In favour of accepting bank loan:

Key point: Liability bank ends after 4 years repay until time Key point: interest need paid four years Benefit: Repayment interest loan due improves relationship bank Key point: ways raising finance require commitment longer period time Key point: best way sole trader limited access funds obtain extra finance

Against accepting bank loan:

Key point: Bank loan repaid set date future

Bank may require security/personal assets may be at risk

Key point: find difficult repay loan 4 years time Key point: Loan interest must paid even short liquid funds

There may be more appropriate ways of raising the finance

for recommendation

END OF ANSWER

Question 07 | May/June 2022 Paper 22 Question 4 - 20 marks

4(a)(i)

	Cost	NRV	Valuation
packs of paper	4.50	8.00	4.50 × 240 = 1080
packs of envelopes	5.50 + 1.00 = 6.50	10.00 - 1.50 = 8.50	6.50 × 225 = 1462.50
notepads	4.00 + 2.00 = 6.00	5.00	5.00 × 150 = 750
boxes of pencils	3.50	6.00	3.50 × 96 = 336
Total			3628.50 or0F

4(a)(ii) Prudence

4(b)(i)

	Capital expenditure	Revenue expenditure
Computer printer paper		□ }
Computer equipment	□	}
Installation of computer equipment	□	
Motor vehicle	□	}
Insurance of motor vehicle		□ }
Delivery of motor vehicle	□	

4(b)(ii) Recording low value non-current assets can be costly and time consuming

Risk: cost greater benefit gained treating non current asset Key point: Items significantly affecting profit non current assets need recorded asset Key point: What material small larger

4(c)

	overstated	understated
Effect on capital	□	
Effect on liabilities		□

4(d) Advantages of the straight line method

Easier to calculate than the reducing balance method

Key point: straight line method representative annual loss value

Non-current assets may be shown at a more realistic value
The annual depreciation charge would be reduced
Higher profits may encourage investors / lenders

Disadvantages

Method of charging depreciation should be applied consistently

Key point: Increasing profit sufficient reason change method

Profit may be overstated in the year of change

Key point: book value non current assets accurate overstated

Comparison with previous years not meaningful

Recommendation

Risk: Need least one advantage disadvantage order get recommendation

Note: marks for either option

END OF ANSWER

Question 08 | Oct/Nov 2022 Paper 21 Question 1 - 20 marks

1(a) Anika

Income Statement for the year ended 31 August 2022

	\$	\$
Rent receivable (162 000 - 8 100)	153 900	
Less Expenses		
General expenses (26 500 - 1 300)	25 200	
Rates (38 200 + 3 400)	41 600	
Insurance (12 400 - 360)	12 040	
Repairs (32 000 - 9 000)	23 000	
Depreciation - Premises (418 000 / 50)	8 360	
Fittings (28 000 □ 20%)	5 600	115 800
Profit for the year		38 100 OF

1(b) Anika

Capital account

Date	Details	\$	Date	Details	\$
2022			2021		
Aug 31	Drawings	18 500	Sep 1	Balance b/d	400 000
	Balance c/d	419 600	2022		
		438 100	Aug 31	Profit for year	38 100 OF
					438 100
			2022		
			Sep 1	Balance b/d	419 600 OF

1(c) Using own capital

Key point: Consistent profit year greater 3% interest savings

More capital will be at risk

Need to consider if additional capital provides a similar/greater return

Key point: demand additional property area return her investment fall

Would still be entitled to the whole profit
Would maintain control/no need to consult on decision-making

Forming a partnership with Janos
Janos' skills may be useful in the business
Janos would introduce additional capital
Profit would be shared with Janos
Risks would be shared with Janos
Responsibilities would be shared with Janos
Disagreements may arise

Risk: Personal savings maintained additional funds risk

Recommendation

1(d) Capital expenditure is money spent on non-current assets: revenue expenditure is money spent on day-to-day expenses

Key point: Capital expenditure lasts 12 months revenue used up

Importance of correct classification

Including capital expenditure in income statement

Including revenue expenditure in statement of financial position

Including capital expenditure in income statement

Including revenue expenditure in statement of financial position

Profit for year understated

Profit for year overstated

Non-current assets understated

Non-current assets overstated

END OF ANSWER

Question 09 | Oct/Nov 2022 Paper 22 Question 1 - 20 marks

1(a) BC 12

Income Statement for the year ended 31 August 2022

	\$	\$
Revenue		231 500
Sales returns		3 600
		227 900
Cost of sales		
Opening inventory	11 100	
Purchases	120 000	
Carriage inwards	400	
	131 500	
Closing inventory	12 000	
Gross profit		119 500 OF
Commission receivable (2 200 + 800)		108 400 OF
Discount received		3 000
		1 400 **
		112 800
Discount allowed	600 ** both	
Insurance (9 600 - 700)	8 900	
Repairs (12 400 - 4 000)	8 400	
Salaries (53 900 + 4 900)	58 800	
Rates (6 000 - 300)	5 700	
Depreciation machinery (27 600 x 20%)	5 520	87 920
Profit for the year		24 880 OF

1(b) \$ \$

Current assets		
Inventory	12 000	
Trade receivables	19 200	
Commission received	800	
Rates prepaid	300	
		32 300
Current liabilities		
Trade payables	7 300	
Salaries owing	4 900	
Bank	4 100	
		16 300
Working capital		16 000 OF

1(c) Option 1 Credit

Only payback the original amount of \$6000/no interest

Credit may not be granted as already has an overdraft

Working capital/funds may be adequate provided trade receivables pay on time

Consider whether adequate funds will be available in 60 days

Working capital will be reduced

Option 2 Loan

Interest each year will have to be paid

Interest will lower profit each year

Consider whether funds will be available to repay the loan

Loan may not be granted as already has an overdraft

Recommendation

Mar 1	Balance b/d	450			
+ dates					

2(b) Tej

Provision for doubtful debts account					
Date	Details	\$	Date	Details	\$
2021			2020		
Feb 28	Balance c/d (7 000 × 6%)	420	Mar 1	Balance b/d (6 250 × 4%)	250
			2021		
			Feb 28	Income statement	170
					420
			Mar 1	Balance b/d	420

2(c) Matching

2(d)(i) Revenue is regarded as being earned when title to the goods is passed

Key point: profit sales recognised until earned

Profit is recognised when earned not when payment is received
 Profit is earned when the sale is completed/legal title passes
 No profit is recognised when goods are ordered

2(d)(ii) To ensure that profits/trade receivables are not overstated

Key point: ensure trade receivables shown realistic statement financial position Risk: Profits assets reduced
 provision doubtful debts increased

the provision is reduced

2(e) Advantages

Will encourage customers to pay earlier
 May increase liquidity/cash flow
 May reduce administration time/costs
 Or other relevant advantages

Disadvantages
 Good relationships with customers will be damaged
 could lose customers or revenue may reduce
 May incur extra costs to attract customers/advertising/marketing
 Or other relevant disadvantages

3(a) Logan

3(b) Logan

3(c) Logan

+ Dates

3(d)(ii) The rent relating to the current year is transferred to the income statement

Key point: total rent paid adjusted prepayments before transfer income statement

3(e) Advantages of buying premises using loan

- Would not have to pay rent
- Will not be subject to future rent increases
- May be cheaper in the long run

Key point: Property owned adapt requirements rent out etc

- Have several years to repay the loan
- No further obligation after loan repaid
- Over a period of time property may increase in value

Disadvantages of buying premises using loan

- Have to pay interest on loan
- Loan must be repaid when due

Risk: Loan probably secured property assets risk repaid

- Will be responsible for maintenance of property
- Percentage of interest on loan may increase

Recommendation
